Policy Statement

We have top level commitment to continuous improvement and providing our customers with a product that is safe and of consistent quality. We are a completely dedicated wheat and Gluten free facility recognized by CSA/USA We obtain this by maintaining a SQF/HACCP quality system 7.2 Edition, which is independently audited by an international auditing agency on a regular basis, and by establishing and reviewing food safety and food quality objectives.

Our employees understand our policy and commitment to meeting customers' requirements. They are our greatest asset and vital to our success and therefore continual improvement of food safety systems and training is provided to them by the management team.

Our team is committed to ensure that we are continuously reviewing the needs for food safety and food quality objectives through management commitment and continuous program validations.

Our goal is to be the preferred supplier in our industry. To achieve this goal, we continually strive to meet or exceed our customers' expectation and all regulatory requirements.
